

CAPTAIN SPOTLIGHT 

Chattanooga's Betsy Wilson

Who got you into tennis?
My friend Kelli Hughes, who is a teaching pro in Jackson, MS. She had a tennis racket. It was a bunch of rackets and it was Fun2Play. I picked up some rackets and the rest is history!

How many years have you played tennis or been a captain?
Formally playing since I was 14. (That's when I joined OHSU) up to about 20 years. I have been captain many different times in both HS and UGA. We'll game 10+ years in a season.

What is your favorite tennis memory?
So many it's hard to choose. In HS, they had a great weekend "tournament" where you can play with people you have never played with. It was so fun to meet new players and improve your tennis at the same time. When I moved into high school, I was shocked. Great fun. Finally, I would love to see our 2019-2020 OHSU tennis team making it to Stanford! It was in a time. We have made the long knowledge from that year!

Tell us what you have been doing when you aren't playing tennis?
I have been playing 20 and 30 that are the most. Gymnastics, a few tennis, and my teaching. If I am not teaching there around, my husband and I are usually doing something to get out tennis in a way somewhere trying to teach our girls about the outdoors.
