

# Captain Spotlight

**Joan Hagood**

**META**

## How long have you been captaining teams?

**WOW! Where do I start? We organized META back in 1991, and I have captained teams every year since then. Often captaining 4 ladies teams each season. Also each year I have done Combo and Tri-Level teams, and Mixed Doubles teams. I've loved them all!**

## What's The Best Part About USTA Leagues?

**For me, my greatest part of my tennis time has been watching players that I picked up on my team, that were not the best players at the time, but loved the game...watching them grow and become the players everyone wanted on their teams! I truly love the people who have played for me. They are great women!**

**There is nothing as much fun as taking a team to the State Tournament. I guess if I had to pick a most memorable trip, it would be the first year of Combo. We had 6 players and we came in 2nd place.**

## What are your hobbies outside of tennis?

**I like most spending time with my family, yard work, playing winter tennis with my great friends, and going out to eat after tennis! That's what I do best!**
