

TN loves Spotighting our Captains!

Silvia Hecht- Memphis

How long have you been a Captain?

So, about 18 years ago a friend of mine and I decided to join a club. All the teams were full or didn't want to risk having us "newbies", so we started our own. We were kinda like the Bad News Bears, we had no idea what we were doing, but we loved it and we were hooked! I have been a Captain just about every year since I started playing USTA.

Who is your favorite professional player?

Well, I have to say that my favorite player is Serena!!! She's just a bad ass (can I say that?) I love that she is tough as nails, but can also be a total mess!

What is your favorite tennis experience?

I have so many "best" tennis experiences! Getting to State most every year for Spring League, going to Sectionals, winning Nationals on a Mixed team. Those are big accomplishments, but honestly, my favorite thing about tennis is getting to be with the people, who have become good friends, and are like family. No matter what happens out there on the court, we all just really enjoy each other. We are competitive, impassioned, and tough chicks!! My tennis is all about my tennis people!
