

Let's Spotlight our Captains!

Brooke Dill

How long have you been a captain?

I think I started captaining in 2013, and I have captained a team ever since. (Mixed, Combo and Women's) I have captained probably 15 teams! All my tennis peeps are so easy to captain, I enjoy it!

What is the best part about USTA leagues?

The friendships and teammates are my favorite thing about captaining a USTA league. I do enjoy the strategy involved and working the puzzle, putting together line-ups based on availability and competition is fun!

What is your favorite tennis experience?

My #1 would be winning Mixed Nationals in 2013. It was an amazing experience. I have loved several Sectional Championships with 4.0 ladies in 2015 and Combo in 2016 and in 2017 Mixed 9.0 made it to Sectionals. It really is the awesome people that I play with that makes captaining a treat!
